## **Remember in Prayer:**

**Frank Martinez**, a homeless man we had helped in several ways was with us in worship Sunday before last, then he returned to Anaheim, where his mother lives and where he was able to find some work. Last Friday his mother let me know that he had been struck by a drunk driver as he was crossing the street, and as she put it, was "taken to Heaven by God's angels". The driver of the car was arrested by a policeman who was nearby and charged with felony manslaughter. His mother had just taken him to lunch a few hours before, and is devastated. Please pray for her.

**Mina's husband, Max**, seems to have improved some during the week. The last word was that they were "waiting for him to wake up". Their daughter flew in from Germany, then returned after a few days. Keep Max, Mina and the family in your prayers.

**Majid Tafighi**, Mina's brother-in-law, received good news after one round of radiation for his brain tumor. He is still undergoing Chemo for the cancer in his lungs, however.

Melissa is thankful that mother, **Maxine King**, has been moved from the hospital to a good temporary care facility for twenty days. **Melissa's** back is somewhat better too!

**Minnie's father** is in hospice, and his mind is still very clear, but his body is failing.

**Minnie** has been suffering pain from Sciatica, and although her pain has become intermittent rather than constant, pray for complete relief!

Pray for **Ruthie's nephew** as he goes through radiation and chemotherapy after his recent brain surgery.

**Ruthie** seems to be dealing with one issue after another, so keep her in your prayers!

**Vickie's sister-in-law, Gaye**, is choosing not to undergo chemotherapy again for the cancer in her lungs, but it is now in her liver as well. She is doing pretty well, but she is now in hospice.

**Shirley** is having some good days, so keep praying for more!

**Pat Stewart** has been placed on hospice because her doctor felt that the treatments for her cancer were causing more harm than good. Her pain has been increasing.

In addition to his near total paralysis, **Kirk Stewart** has painful sores on his head, and now in other places as well. Their cause is unknown.

**Karen** has two orchestra friends, **Jon** and **Wayne**, who have cancer, and a colleague, **Trish**, who also has cancer.

**Galina Gurova**, a friend of **Melissa**, has lymphoma.

**Blake Budai**, Blair's brother, still lacks mobility. May God work in his body and heart.

Pray for the health of **Bob Rivera**.

## **Praise:**

Cindy's granddaughter **Hannah** is doing well, **Randy** is good, **Tessa** is doing well also.

Cheryl's grandson **Aiden** is doing really great with no more heart related symptoms. Please just keep him in your private prayers for continued good health.

Thanks to everyone for all the prayers and thoughtfulness and a big praise to God for his healing powers.

## **Always Remember:**

Those in the military, especially **Joseph Budai**, **Sheri Huckabay's** nephew, **Jason Adams**, and **Patty Johnson's** grandson, **Andrew Thompson**

The children and staff at **Manuelito Navajo Children's Home**

Those serving in other mission fields, including Blair's friend **Sandeep** in India

**Pray for the homeless**, and pray for **Blair** as he works to minister to them.

**Those suffering in Ukraine and Russia.** Many have lost loved ones in the fighting.

**Those suffering in Israel and Gaza** as a result of the terrorist attacks and war.
